REQUIREMENTS FOR MOBILE HOMES - BEACH PLAN ONLY

1. To be eligible for coverage in the Beach Plan, mobile homes must be tied down, all wheels removed and located on a foundation.
2. Mobile homes shall have continuous skirting around the outside perimeter, except in those areas where a structure is elevated to comply with a local Flood Plain Ordinance or elevation requirement(s) of the National Flood Insurance Program.
3. All mobile homes must be built in substantial compliance with the Federal Manufactured Home Construction and Safety Standards, any predecessor or successor Federal or State Construction or Safety Standards. Any additions or attachments, must be built in substantial compliance with the North Carolina Uniform Residential Building Code, including the design wind requirements.
4. Mobile homes must adhere to State of North Carolina Regulations for Mobile Homes, including requirements for tie-downs and the anchoring of tie-downs. All mobile homes must meet the Hurricane Zone Requirements.
5. Mobile homes not meeting standards will either be declined conditionally until the conditions corrected, or will be insured with sub-standard condition charges applied.
6. Mobile homes meeting Beach Plan underwriting standards for fire insurance, but not for the Extended Coverage Endorsement, may be covered by fire only.
7. Photographs of the mobile home must accompany the BP-16 inspection form when submitting Beach Plan applications or with the ACORD? applications when submitting ACORD? forms.

FAIR PLAN INFORMATION

1. Photographs of the property will help expedite inspections and could speed up policy issuance.
